THE
PIONEER

THE FOURTH VOLUME
of
THE PIONEER

THE 1950 PUBLICATION
of the
STUDENTS
of
WARNER ROBINS HIGH SCHOOL

Introduction

The Senior Class and the staff of the 1950 "Pioneer" are proud to have continued the heritage left us by producing this fourth volume of the "Pioneer."

Between the covers of this book the staff has tried to fulfill the purpose for which this annual was planned—to give a complete history and an accurate record of this school year that will keep alive the memory of the happy times spent here in Warner Robins High School.

We wish to express our sincere appreciation of all who helped in the production of this volume. Without their helpful suggestions, subscriptions, advertisements and donations, this annual could not have been possible.

CLASS HISTORY OF 1950

It was a dreary, rainy afternoon and having nothing to do, I wandered aimlessly up to the attic. After standing in the middle of the room for several minutes, and debating on where to start, I spied an old trunk pushed far back into a corner. I opened the trunk and much to my surprise found it full of old school things. There were editions of the "Robins Chirp" dated as far back as 1946. How well I remember that year! It was our first year in high school. I can still see the shining eyes of my classmates, as well as myself, when we marched proudly up to register on September 1, 1946. That was a good year except for the fact that we were known as the "little Freshmen." I came upon my "47 Pioneer" then and had quite a laugh just looking at some of those pictures made in the eighth grade.

Then my thoughts wandered to our Sophomore year. We were much bigger feeling that year. We also took an avid interest in our basketball teams since some of the ninth grade boys and girls played.

I went hurriedly on to my "49 Pioneer"! This was the year that held so much joy and anticipation. We were going to get our class rings. Everyone was highly elated the day we chose our design and fit. We elected officers for this important year. They were: President, Jim Harley; Vice-President, Billy Woodard; Secretary and Treasurer, Shirley Hill.

On October 30, 1948, we sponsored the traditional Halloween Carnival. It turned out swell! We had a country store, fish pond, fortune teller, House of Horrors, and, of course, food! A song was rendered by Tommie Godfrey and then the crowning of the King and Queen took place. Everyone seemed to enjoy it very much.

On May 6, 1949, we honored the Senior Class with a beautiful banquet. The theme was "Good Luck." There was a huge rainbow reaching the entire length of the stage, and the tables were adorned with candles of different colors. The place cards were tiny wishbones and the programs were four-leaf clovers. After the banquet our dance was held and Sam Gordon and his Orchestra provided the music. It was a big success.

Quickly, but fondly I replaced the annual that had refreshed my memory of such a full year, and reached for the maroon and white edition of the Pioneer of 1950. This was our annual. We were the seniors of 1950 and very proud of it.

On August 30, 1949, we began our last year of school. We had so many things to accomplish—such as electing officers, making money for our senior trip, and electing the "Pioneer" and "Chirp" Staffs. The officers were: President, Jim Harley; Vice-President, Billy Wooward; Secretary, Peggy Sears; Treasurer, Anita Davis.

On November 17, we carried on the tradition of the Sadie Hawkins Day Dance. It was a festive occasion with everyone dressed as typical dogpatchers. Some carried guns while others of the fair sex used their demure charms to get their man. Then came the race! Some gals caught two while others were left stranded. "Marrying Sam," alias Sid Carter, married the charming couples, and everyone went home tired but happy.

February 11, 1950, the Seniors sponsored a skating party at Smith's Skating Rink. It was a big success and not too many people went home with blisters.

At the end of April we presented the Senior Play called "Off The Track," directed by Mrs. Eugene Mason. We had a large attendance and we hope everyone enjoyed it as much as we enjoyed putting it on.

On May 5, 1950, we received the long-awaited banquet. This was an unusual banquet but very nice. It was in the form of a barbecue and this was quite an occasion. The Juniors were perfect hosts and they let us have all the money that was left over from the banquet for our trip. We surely did appreciate this, too.

Then came May 22, our graduation night. We had our commencement exercises at the City Auditorium. There upon the stage sat fifty-four happy but serious seniors. We realized what an important night this was, and knew there would be no more play. We were intelligent young men and women, now; we were out to prove it and to do our best.

Tears were gently sliding down my cheeks as I closed the year book. I had just relived my high school days. I had relived four of the most wonderful years of my life.

It is now the year of 1970, and though I know not where my classmates are, I hope they are happy and have achieved the goal in life which meant so much to each and every one of us.

Class Historian,
Peggy Hunter.

CLASS PROPHECY

Bonaire, Georgia

22 February, 1960

Dear Mrs. Mason:

I was so glad to have your note and know that you are getting stronger. The "Class of '50" was enough to make Stone Mountain collapse.

You really wouldn't know Warner Robins. Merlyn Brown has built a huge new theater. Bobby Byars designed and built it. It is wonderful. They are having a grand opening this week-end with the world premiere of the film of Peggy Crosby's latest book, "Sweet Sixteen." If you read the book you'll probably believe like I do that the story is largely autobiographical.

When Lindbergh Reese, who is now our local mail carrier brought your letter he also brought a copy of the *Warner Robins Press*. Did you know that June Cape now owns and edits the *Press*? She bought it last year. Helen Childs is her Society Editor, and also the "Advice to the Lovelorn," but that is a deep, dark secret.

Duncan Feeney had a whole page ad in the paper promoting "Rumble Acres," the swank new housing development that he and Kenneth Davidson are backing. There are lots of gorgeous homes out there, in many of which Peggy Hunter has done the decorating. One even made *House Beautiful* last month. She also decorated "Castle Arms," the new Hotel David P. Newsome owns and operates. It is very exclusive. The murals in the lobby and also the banquet room were painted by none other than Dot Williams. The theme of these murals is local history.

The coming gubernatorial race is getting lots of space in the papers just now. Roland Kinser, our local State Senator, is running against Florence Tucker, our present governor, who has done so much for our schools.

So many "Class of '50" are advertisers in the *Press*. L. H. Flanders is a loan broker. They say his income is terrific. There's even an ad from Irvin Gentry. He has his own plane now with lots of fancy gadgets and does crop dusting all over Georgia.

We're planning a party tomorrow night for Helen Ammons, that was. She and her husband are here from Ohio for a short visit. We're going out to Lake Joy. Delawood (Spud) Jones and his band are there for a short engagement before going to Hollywood. Did you know that Billy Howard is playing the bull fiddle in his band? And Mabel Hicks is his featured singer. Her radio shows are good, so we're anxious to see her. She has sung this spring on station WRHIX in Warner Robins. That is the station Raymond Hix owns.

When I was shopping in Bobby Hill's Super Colossal Market the other day I ran into Grace Gastineau. She's teaching Home Ec. in WRHS and coaching the girls' basketball team. She was buying groceries for the banquet they are giving the team for winning State championship. She says she always shops there because of the super quality and low prices.

By the way, Jim Harley is now principal of the High School. He's coaching the boys' basketball team. They are playing in the finals for State championship tomorrow night. They should win . . .

I had a card from Sue Noland last week. She's in Panama, where her husband is stationed. Billy Woodward says he heard from Arnold Thiebaud recently. He went to Oxford for graduate work and is still travelling in Europe. Billy came by to show us his new car. He's a watermelon king now, and has the most incredible cars. This one is a red convertible, a Cadillac with leopard skin upholstery. This one was specially ordered

CLASS PROPHECY

for him by Sonny Rumble, the local Cadillac dealer. Sonny is the mayor of Warner Robins.

A lot of our class are teaching now. Richard Wallace is dean of men at Florida University and teaches a course in Philosophy. Nancy Hoban is now in Atlanta. She's head of the Art Department at Agnes Scott. Louise Kiser is teaching Home Planning at G.S.C.W. Abbielu Hughes is principal of Charles Thomas School. Anita Davis is teaching the first grade. You should see the report cards she sends home on my young hopeful!

There was an accident on the highway here last week. Bill Barnett, now a State trooper, rushed the man to Dr. Kenneth Peirce who happened to be in a clinic in Warner Robins. Kenneth is on the staff at Emory and comes down occasionally for consultations. Linda Fritchett is a floor supervisor at Emory. They say she's a wonderful nurse.

Speaking of doctors—have you a Poolie yet? It is a new breed of dog developed by Dr. William Poole. I think it is a cross between a poodle and a collie.

I had lunch at the Dinner Pail with Vivian Wheelus last Friday. She's librarian at the Memorial Library in Warner Robins. Edith Steed and Dot Apperson have a real gold mine in the Dinner Pail. They serve wonderful food. Vivian told me that Jonell Welch is now hostess at the Service Club on the Base.

Guyton Smith was having lunch at the Dinner Pail, too. He looks very prosperous. He has quite a large garage now. I have heard that they suspect him of building "hot-rods" in the back room of his place.

Here comes Peggy Sears with the most unbelievable hat! After all these years I still call her "Sears." It must be one of the hats from Partain Chapeaux. Betty

and Bobby have a very exclusive shop here. They design all their hats and will build one on your head. They're frightfully expensive.

Peggy is returning my new cook book. It is the one that Mary Ellen Wyatt has published. It is wonderful. Mary Ellen is with the Georgia Power Company in their Home Service Department.

Peggy is on her way to get Mabel Barnett, that was. Mabel is president of the Warner Robins Garden Club. They are to see about planting palm trees in Al Caris Park. Carrie Nell Brewer, local florist, is getting the palms. They, Peggy and Mabel, are going to Macon to see Bob Blanchard's latest film, "Jolson, Jr." Bob does the singing, too.

There goes Manson Pike, heading toward the swamp. He's the game warden here now and he really keeps busy.

I'm afraid I must close now. The school bus has just passed. You can set your clock by Jack Foreman since he's driving the bus. I've an appointment at Jane Evers Beauty Shop. Must get dressed up as to hair for the party. While I'm in Warner Robins I can check to see if my new furniture has come. It is some of Jimmy Minter's special hand-crafted stuff. He has quite a nice shop in Macon and makes lovely pieces. Then too, I want to pick up my tickets for the circus. Ringling Bros. is showing in Macon and Nancy McCullough has designed all the costumes. She lives in Sarasota now.

I hope you will soon be strong enough to come down and "see for yourself" the progress we've made since 1950. As for myself, being a housewife may not be glamorous but it is very satisfactory.

Sincerely,
Myra.
